## Situation Report

### Severe Storms

March 13, 2006 (2:00 p.m. CST)

#### Situation:

The severe storms that impacted the State of Missouri have left the area and proceeded eastward. Numerous jurisdictions have reported strong winds, damaging hail, and tornado sightings. The National Weather Service has not "officially" determined that tornadoes were involved in any of these reports. They currently have assessment teams in the affected areas. However, reliable officials from local sheriff's departments have reported tornadoes were on the ground. Comments in the County/City Reports section of this SITREP are based on those local observations. Nine fatalities have been throughout the State. Detailed reports from affected counties is as follows: **THIS IS IN ADDITION TO WHAT WAS REPORTED AT 9:00 AM.**

Governor Blunt signed Executive Orders 06-11 and 06-12 implementing Section 41.480.2, RSMo (State of Emergency) and 44.100 and 44.110 RSMo authorizing the use of the Missouri National Guard to support disaster operations.

#### Fatalities:

Perry County:	2
Randolph County:	4
Pettis County:	1
Henry County:	1
Lawrence County:	1

#### County/City Reports:

##### Troop A Area:

Warren, Franklin, and St. Louis County report large hail only, no wind damage, same for St. Louis City.

**Troop B Area:** No new information

At least three mobile homes were destroyed A lady in one of the mobile homes suffered broken shoulders and a back injury. One business was destroyed. Reports of several barns and out buildings destroyed or damaged. One house under construction has significantly damage and at least 4 other homes with

moderate damage. The power was out until 4:40 a.m. this morning. The EMD is still gathering information on damages.

**Troop G Area:**

**Troop H Area:**

**Troop Area I:**

Numerous areas of hail and wind damage

Maries County: No major damage

Phelps County: Damage mainly from hail to 20-25 homes

Laclede County: Damage to a half dozen homes and approx. 24 barns and out buildings, large areas without power due to a sub-station being damaged

**Federal /State Actions:** The State Emergency Operations Center (SEOC) has been activated and is maintaining contact with local officials and the National Weather Service as the storm systems move across the State. SEMA has sent the Area Coordinator from Area E (southeast Missouri) to Perry County to assess the situation there. **All requests for State assistance received at this point have been handled by the appropriate agency.** However, SEMA is closely monitoring the situation as more storm systems move through the area and local officials have an opportunity to assess local damages. SEMA Director Reynolds has briefed Dick Hainje (FEMA Region VII Director) on State actions. SEMA continues to monitor reports from the affected areas and is maintaining contact with FEMA Region VII. Additional SEMA staff has been placed on stand-by to continue SEOC operations and damage assessments as needed. SEMA has dispatched Disaster Assessment Teams (DATs) to the following areas; St. Genevieve County, Perry County, Christian County, Hickory County, Johnson County, Pettis County, Saline County, Randolph County, and Monroe County. Other counties will be progressively assessed as the above counties are completed.

Missouri Highway Patrol has assisted in various counties throughout the state supplementing local resources. Missouri State Water Patrol has activated their headquarters and have assisted in one water rescue in Morgan County.

**Other State Agency and Volunteer Agency Actions:** American Red Cross Chapters throughout the State have been activated along with Southern Baptist Emergency Services and Salvation Army assets. Americorps is sending two eight person teams to the effected areas, they are currently at SEMA being briefed

**Point of Contact:** SEMA Duty Officer after hours (**Starting at 8:00 p.m. March 13**) number is 573-751-2748, during normal duty hours calls should be made to 573-526-9100.
